COURTESY RULES

Due to limitations of the Marina Park Boat Ramp with respect to parking, location, size, and level of use, the following courtesy rules are suggested. Your consideration is appreciated. **Please follow boat trailer parking signs and regulations; they are strictly enforced.**

1. Priority Use

Priority is established on the principal of first come, first serve. The first car and trailer waiting in line shall have priority.

2. Avoid Single-handed Launching or Loading

Single-handed launching and loading creates unnecessary delays for use of one-lane boat ramps. Please avoid this ramp if you must launch or load your boat alone.

3. Use of Holding Dock

After launching your boat, move it to the further point from the ramp and if possible, use the recreational moorage dock while your car and trailer are being parked.

4. Tie Down

After you load your boat, please pull forward to the tie-down zone and clear the ramp so others may use the boat launch.

5. Rigging for Sailboats

Sailboats are asked to rig vessels prior to entering the boat launch staging line.
