

Kirkland Shoreline Environment Designations

Approved by Department of Ecology July 26, 2010 and amendments approved May 25, 2011.
 Ordinance 4251 (August 3, 2010) and amended by Ordinance 4302 (June 7, 2011).

The boundary of the Natural Shoreline Environment shown on the map is based on past wetland delineations and field review. New development in or near the boundary will require a new wetland delineation to determine the exact boundary of the Natural Shoreline Environment.

NOTE: In the event of a mapping error or ambiguity, the common boundary descriptions and criteria contained in RCW 90.58.030 (2) and Chapter 173-22 WAC pertaining to determinations of shorelands, as amended, shall apply, superseding the incorrect or outdated map.
